

SOUTH LONDON SINGERS REPERTOIRE

English music is a strong element in the programming of the South London Singers, but we perform a wide cross section of works from different countries and different periods. The scope really is extensive, ranging from Britten's "Choral Dances" from *Gloriana* to Rossini's *Petite Messe Solennelle*.

This document consists of a browsable list of composers and works that have featured in SLS concerts since the choir's foundation in 1982. All works are listed, apart from some individual carols and hymns. The month and year of each performance are given in the fourth column of the list. Please use Adobe Reader's FIND facility to jump to a particular composer.

The choir owns sets of some of the pieces we have performed and is willing to hire these sets out to other choirs. If you would like to hire any of our music, please consult our online [Music Hire](#) List and send us an email; our librarian will be happy to contact you with details of our terms.
