For our Spring Concert, in the week when St George's day and Shakespeare's birthday are celebrated, we present a varied concert of choral items along with 'readings' by actor Anna North of some of the Bard's other texts.

We will sing Vaughan Williams' 'In Windsor Forest', a tuneful work which derives from his opera about Falstaff, 'Sir John in Love'.

This will be complemented with some shorter settings by several different composers of Shakespearian words and texts inspired by him or by authors of that time.

We add to those, two splendid English 'anthems':

S.S.Wesley: 'Ascribe unto the Lord'
Elgar: Te Deum Op 34.1
